New Patriotic Party (NPP) presidential candidate, Nana Addo Dankwa Akufo-Addo will win the upcoming presidential elections if he is able to solve some spiritual problems hindering him, founder and leader of Glorious Wave Ministry, Prophet Emmanuel Badu Kobi has stated.

According to him, the NPP presidential candidate was spiritually advantaged to win but has 16 spiritual problems which if he failed to acknowledge and solve, will lead to another defeat for him and the NPP.

Speaking on Atinka FM on Monday, Prophet Kobi revealed that, the Asantehene Otumfour Osei Tutu II holds Nana Addo's key to the presidency and he has to go for the key in order to defeat President John Mahama.

"This year, the presidential seat is for Nana Addo but he should take the 16 problems seriously and work on them. This includes reclaiming his presidential key from Otumfour Osei Tutu, he explained.
